Always Supportive...

Atom by Jenx

Modern, child-centered styling, combined with a comprehensive range of support options make Atom the ideal seating system to develop correct seating posture and function.

Wipe clean covers as standard mean any messy play or other soiling can be easily cleaned; antimicrobial agents in the covers provide additional peace of mind when Atom is placed in a multi-user environment.

Recognizing that children grow and develop at the quickest rate in their infant years, all support structures are tool free and easily adjusted, added or removed. This ensures each child is getting the correct support at any given time and can accommodate changes in their postural needs.

Adjustable Flip-away Hip Support Pads

Included as standard with the Atom seat unit. Adjustable in height, width and angle, ideal for accommodating an abducted seating posture if required.

INNOVATIVE FEATURE

Shoulder Protractors

Width and height adjustable Shoulder Protractors encourage correct shoulder and arm positioning to help promote a functional hand position for play.

INNOVATIVE FEATURE

Flexible Thoracic Supports

Available in a range of sizes, these slimline and super flexible support pads are designed to mimic the feeling of being held. All come mounted on a high-rise flip-away bracket which is easily adjusted to aid transfers.

INNOVATIVE FEATURE

Open Sides

Open sides to the chair ensure adjustments are easily made and allows the user to remain seated with little interruption.

INNOVATIVE FEATURE

Memory Foam Ischial Well

Designed to nestle the pelvis, the memory foam not only provides comfort and pressure distribution, but also stability to promote correct pelvic alignment.

INNOVATIVE FEATURE

Flip-up Angle Adjustable Footplate

To accommodate or encourage dorsi or plantar flexion. Adjusts quickly and simply with the turn of a dial, flips up for safe and easy transfers with the footplate held out of the way with a concealed magnet. Easy-fit slots makes attaching Sandals and other foot support options a breeze.

INNOVATIVE FEATURE
