**The Dreama™ is a support system for effective 24hr postural management, suitable for children and adults**

**KEY FEATURES**

- Can be used on any hard surface-including standard bed frames, profiling beds and certain safety beds\*
  - Allows ventilation and airflow
  - Easy to clean and hygienic
- Can be used to position the user in an abducted lying position to aid in hip development
- Infinitely adjustable due to the uniquely designed glide lock system

**Information on the Jenx Dreama™ and Sleepsafe® safety bed compatibility**

The twin-sized Sleepsafe bed becomes a suitable foundation for the Dreama positioning system when certain modifications are made by Sleepsafe.

Fitting a Sleepsafe bed with a Dreama postural support system requires 2 quotes

- 1) one quote from Adaptive Imports for the Dreama
- 2) one quote from Sleepsafe which would include these modifications and a customized bed deck.

Quote numbers that include ATP and patient reference must be provided to each vendor at time of quoting to ensure proper and timely collaboration.

Is the Dreama intended to be used with a Sleepsafe bed?	<b>YES</b>	<b>NO</b>
