

Corner Seat & Nursery Table by Jenx

Corner Seat

An adjustable floor based seating system that offers support in long sitting for infants and young children from 6 months to approximately 10 years.

The Corner Seat includes an adjustable back height and can be used with or without the upper back support. An abduction block is also included to help keep the child positioned correctly; placing their hips neatly into the back of seat.

Nursery Table

A large and sturdy table that provides endless play opportunities.

The plastic play/activity surface can be used flat, angled or as an easel and includes a height adjustable frame to meet the requirements of every child. It can also be used to great effect with the Corner Seat, with a short strap attaching the two items in use to prevent a child tipping the table over.

INNOVATIVE FEATURE **Trunk Positioning**
Adjustable upper support can be used to support the head or shoulders.

INNOVATIVE FEATURE **Positioning**
Chest Strap and lap strap included.

INNOVATIVE FEATURE **Shoulder Support**
Adjustable upper support can be used to support the head or shoulders.

INNOVATIVE FEATURE **Floor Sitting**
A simple first seat to introduce children to floor sitting. Long sitting, with the legs stretched out in front, helps to maintain the length of the muscles behind the knee.

Additions

Corner Seat Triangular Cushions

Green. For those who prefer to have a flat back with wings. The triangular cushions can also be used beside the legs to prevent external rotation of the legs. (Pair)

CS2001-03

INNOVATIVE FEATURE **Abduction Block**
Abduction Block is included to help child positioned correctly; placing their hips neatly into the back of the seat.

INNOVATIVE FEATURE

Height Adjustable

The Nursery Table can be easily adjusted for height. Adjustment is continuous rather than incremental, so every child can have their table at precisely the correct height for them. This feature allows the Nursery Table to be used by children using a Corner Seat or other floor seat, or by children who are able to sit unaided.

INNOVATIVE FEATURE

Sturdy & Bright

Sturdy table with a large, clear surface area. The large surface is big enough for a child to play or work at most activities with ease.

INNOVATIVE FEATURE

Useful Cut Out Detail

Abduction Block is included to help child positioned correctly; placing their hips neatly into the back of the seat.
