Each Safespace Hi-lo is custom fabricated. The image above is an example of multiple custom selections.

Safespace Hi-Lo For individuals who require the safety of a full enclosure, the Safespace Hi-Lo combines the transfer and nursing height flexibility of the Siesta Hi-Lo, with the peace of mind of a full canopy enclosure and zero hard surface interior. Hard surfaces are not padded like other products, the design prevents any contact with hard surfaces whatsoever. E1399**

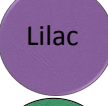

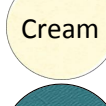

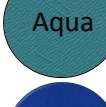

AI 27 \$35,620 Safespace Hi-lo with standard mattress with PVC cover, main zip opening w/ viewing panel. Solid back wall. Viewing panel in head and foot end, water resistant floor seams. Configuration selections required below.

COLORS (All colors are approximate, variations to be expected)

Main Side and Opposite Side Configurations

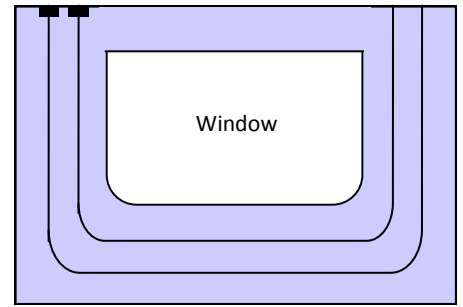

Option 1

The zip is slightly below the top of the mattress. This is the **standard** opening for the **main** side and **optional** for the **opposite side**. (AI 28)

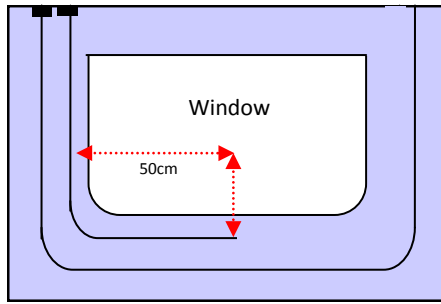

Option 2

The main zip is slightly below the top of the mattress. The nursing access panel zip is 6" above the top of the mattress. (AI 32)

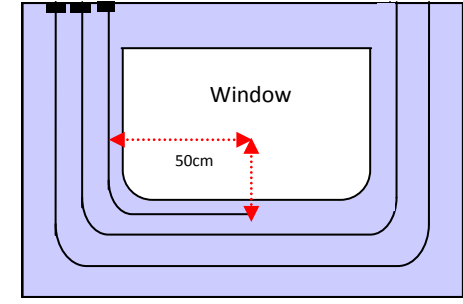

Option 3

The main zip is slightly below the top of the mattress. The frequent access opening zip is 8" above the top of the mattress and opens 20" along the mattress length. (AI 96)

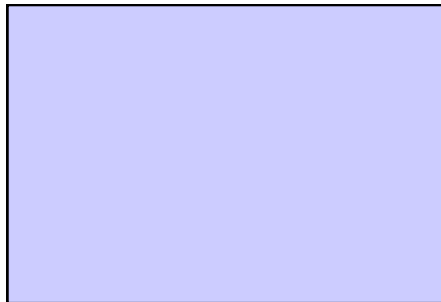

Option 4

The main zip is slightly below the top of the mattress. The nursing access panel zip is 6" above the top of the mattress. The frequent access opening zip is 8" above the top of the mattress and opens 20" along the mattress length. (AI 32 + AI 96)

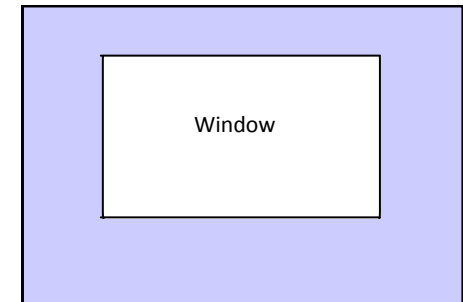

Option 5

The standard configuration of the opposite side is a solid wall without window. Option 5 = solid panel for both opposite wall and Head/Foot selection.

Option 6

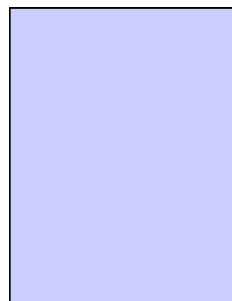

Non Opening viewing panel along opposite side. (AI 29)

Head and Foot End Configurations

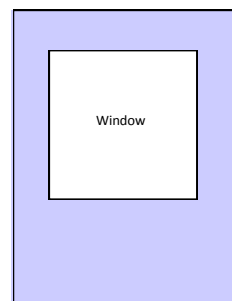

Option 5

Optional solid wall in head or foot end for a lower stimulation environment. (No Charge)

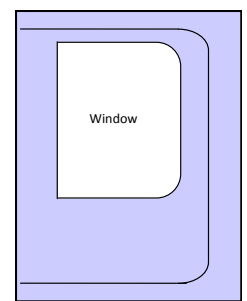

Option 6

Standard configuration of Head and Foot end. Non opening viewing panel.

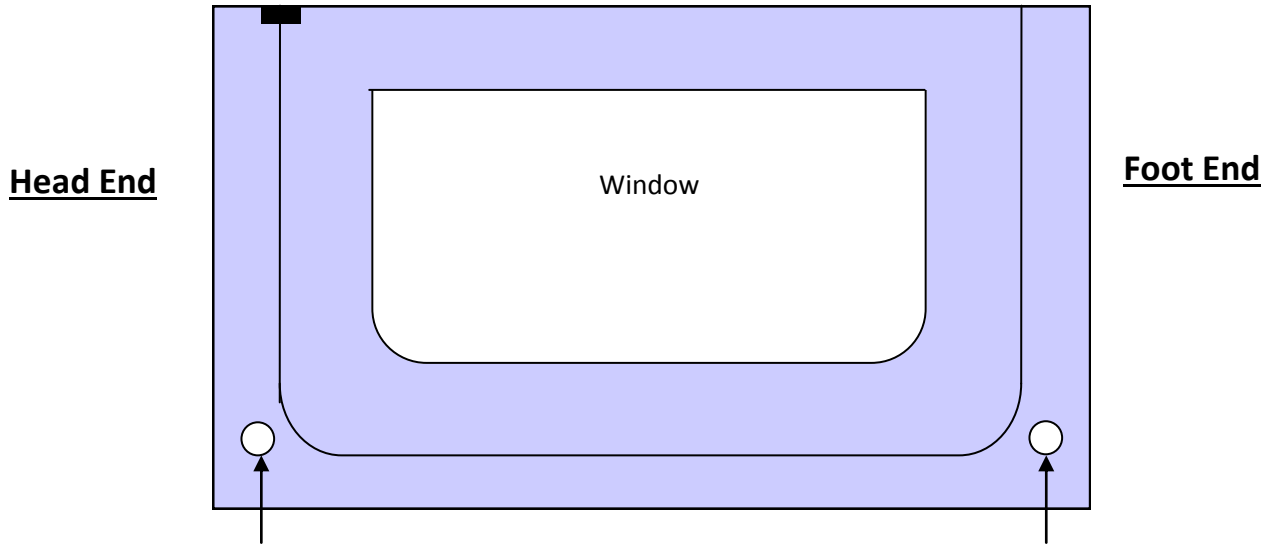

Option 7

Optional 'D' shaped zip opening for Head and/or Foot end. (AI 31)
