

Safespace Design Pack

The Safespace is a safe room with strong flex out sides, airy net ceiling, light and open viewing panels and easy roll up sides. It comes with a soft foam floor with options that include a mattress, removable window blinds, visual deterrent panels, wall spacer brackets, etc.

Our standard configuration includes:

- Large roll up wall and viewing panel
- Standard door with 10" diameter porthole
- One window (opening) or viewing panel (non opening). Standard size spans the length of the Safespace wall
- Water resistant seams for standard 3" thick foam floor
- Zip covers
- Airy Net Ceiling
- Floor Mounting Brackets- set of 4

*Please note that a Safespace requires a 10"-14" clearance around all sides- including the ceiling/ceiling fixtures and is required to be secured to the floor.

Part Number	Internal Dimensions	External Dimensions
AI1	79" x 39"	89" x 49"
