Safespace Cosyfit:

The Cosyfit is designed for individuals with limited mobility & is robust enough for adults and children who may rock, thrash about, push or kick, but can be disassembled for storage and transit. For those with the ability to stand, walk, pull to standing or climb, we usually recommend the Safespace. The Cosyfit also creates a safe environment for those who may otherwise be restricted to a wheelchair. Multiple mattress sizes and wall heights available, however the most popular Cosyfit is the Single Bed, Standard Length with 58" Tall Walls. **Contact sales@adaptiveimports.com to discuss and review individual specifications.**

****Suggested HCPCs is E1399****

Costyfit Specifications:

Standard Configuration: Open front panel with safety latch closure, solid padded back, head and foot panels, standard PVC covered mattress

Wall Height	Clearance from Hard Surfaces
48" External = 42" Internal 58" External = 52" Internal Wall Height above 58" is Custom Mattress 6" Height	Opening panels need to be positioned 18" from any wall or other hard surfaces.
