

Krabat Runner

Redesigned for a better ride

- **Now supports more users:** updated weight capacity up to 50 kg (size 1) and 90 kg (size 2)
- **Enhanced steering stability:** increased resistance reduces wobble for smoother handling
- **Improved braking system:** requires less hand force for a more comfortable ride
- **More custom fit:** four adjustable seat positions on size 1

Specifications

- Can be used both indoor and outdoor
- Easy to use for child and caregiver
- Great stability due to three wheels
- Hand brake on steering wheel
- Combined kick bike and walking bike
- Detachable seat and push bar
- Foldable and height adjustable steering bar
- Height and depth adjustable seat
