HEADALOFT™ 360

Breathe | Communicate | Live

An All-encompassing, revolutionary headrest solution

Tailor adjusted for each user with his specific wheelchair seating arrangement and with his own special head support need

Immediate impact on the quality of life for those who truly need it

Sales@adaptiveimports.com

The Problem & Need:

The problem: many people who are using wheelchairs need a headrest. some are unable to hold their head upright to various extents. Most of these people have limited headrest support while others do not have any headrest in their seating solution. The problems differ in many ways from user to user.

The Need: A versatile, multi-dimensional, 360 degrees headrest that should attach to all wheelchairs out there(and there are many different kinds). That device needs to provide a solution to a verity of multiple postural conditions including kyphosis, scoliosis, lack of head control and others.

Our Solution:

HEADALOFT360 is a revolutionary, innovative, high tech, comprehensive headrest system that can attach easily to any wheelchair and provide an all-encompassing solution for any specific personal head support need of the wheelchair user.

HEADALOFT360 head support features

- Creates a headrest comprehensive system to any wheelchair
- Reaching user head position everywhere (bending forward and/or to the side)
- Versatile lateral support options according to user developing needs.
- Enables a full, flexible, versatile anterior support to the users who are in need.
- Modular cushioning according to the advisable head positioning.

Product Benefits

- Provides a specific, adjusted, and comprehensive headrest solution to any wheelchair user with any extent of head control difficulty.
- Better breathing
- Easier feeding and swallowing
- Supportive yet nonrestrictive
- Enhanced eye contact thus social communication and engagement
- Improved body symmetry thus self-esteem
- Elevating quality of life for people who are in need for seating arrangements together with Head support.

Product Advantages

- Can be installed on most wheelchairs which aren't equipped with a head rest
- Easy and simple installation - only one screw.
- ergonomic and smart
- Can give a tailor-made solution to most patients (through all our features)
- High quality materials
- Easily dis-attaches from the wheelchair when needs to and put back
- Surface can be washed when needed
